Fiera Properties welcomes Fiera Private Lending's real estate development team

With a view to better align investment practices within Fiera Capital's Alternative Investment Management platforms, Fiera Properties is proud to announce the integration of the Fiera Private Lending real estate development team, led by Pierre Pelletier, to Fiera Properties, effective July 1, 2018.

Over the course of the past 4 years, Pierre Pelletier has led a team of investment professionals who are focused on investing equity into qualified real estate development projects. The in-depth expertise that this team has acquired over the years will prove to be an excellent complement to that of our group.

Mr. Pelletier is joining Fiera Properties as Senior Vice President, Development and Opportunity Funds. He will lead a team responsible for managing all the development activities of Fiera Properties. His team will continue to manage their two existing funds without any impact on the current relationships and investment practices in place that serve the existing client base.

We are very pleased to have Pierre Pelletier and his team join our high quality and growing group of real estate investment professionals. We believe they will add depth and strength to our well established and trusted investment platform.
